COVID 19 Precautions

During this difficult time, we want to assure our clients and potential clients, we are being extremely cautious in prevention of Covid 19.

PPE, (Gloves, masks and Hand Sanitizer) is being provided by the Agency, to all caregiver's and client's as needed.

Caregivers will wear masks at all times.

Our Case Manager Pauline will bring supplies to the home. *Please contact the office if supplies are required*

We have suspended our complimentary In Home Care Assessment for potential client's, but have been very successful in over the telephone assessments and completing comprehensive Plan's of Care.

Every staff member will have his/her temperature taken before we accept them through the office threshold.

Caregiver's are responsible for taking their temperature before the start of each work shift. Stay home if you have a fever of 100.4oF or greater.

Any caregiver showing ANY symptom or any caregiver calling off sick, will be sent for a Covid 19 test.

Shortness of breath or difficulty breathing

Fatigue

Muscle or body aches

Headache

New loss of taste or smell

Sore throat

Congestion or runny nose

Nausea or vomiting

Diarrhea

Thank you for your patience and please contact our office if you have any concerns.
